Why am I receiving this document?

This Financial Services Guide (FSG) is an important document, which describes our Financial Planning, Advisory and Managed Discretionary Account (MDA) service to assist you in deciding whether to use our services.

This FSG contains information about NKH Knight Holdings Pty Ltd (our AFS Licensee), Knight Financial Advisors Pty Ltd and your Financial Adviser (collectively, us, we and our). It describes how we are remunerated, our professional indemnity insurance and how we handle any complaints you may have.

We may give you other documents when providing our services. These may include:

- A Statement of Advice (SoA)—If we provide you with advice about your personal circumstances, we will set out our advice in a Statement of Advice (or in some cases, a shorter document called a Record of Advice). This will also tell you how we will be remunerated for the advice we give you and importantly, detail all fees specifically payable by you. When we provide further advice to you, we may not give you a Statement of Advice, however we will record the advice and you can ask us for a copy of the advice by calling us.
- Product Disclosure Statement (PDS)— If we recommend that you acquire a financial product, we will also provide you with a Product Disclosure Statement containing information about the product's features and risks.

Not Independent

We are not independent, impartial, or unbiased within the meaning of the Corporations Act because we or our Australian Financial Services Licensee operate our own Managed Discretionary Account service and receive fees from it, may receive commissions for life risk insurance products or other benefits.

Your Financial Adviser

Jason Featherby, Peter Farlie, Jovan Cvetkoski, Tammy Stone, Joshua Hindle and Arna Menna are our authorised representatives (advisers) and provide our financial services. Some of our advisers are shareholders in our business. We act for you when giving advice and arranging financial products.

How You Can Deal With us

You can deal with and provide instructions to us in writing, via phone or via email/fax. However, please note you are responsible for ensuring your instructions reach us.

It is important that you provide us with complete and accurate information about your circumstances and you take the time to check any assumptions we make and the basis for our advice. If you don't our advice may not be appropriate for your needs.

We may provide further advice to you, if you engage us to do so, to keep your plan up to date for changes in your circumstances, as advised by you to us, changes in the law, the economy and financial products.

The further advice we provide will depend on the terms of the Client Services Agreement you sign with us.

Managed Discretionary Account service

We can manage client investment portfolios on a discretionary basis. We do this by directly managing your portfolio.

i.e. without seeking your prior consent to each individual transaction. This is called a managed discretionary account (or MDA) service. An MDA service enables quick and efficient changes to your investments.

We will only recommend this service if it is suitable for you. You will need to enter an MDA Contract before we can provide this service.

The MDA service only allows us, as the investment manager, to make changes to the investments within your account. Part of the service provides for your authority to us to withdraw funds from the account, which is used to settle investments and costs where necessary. No one will have authority to transact on any of your investments held outside the account without your consent.

As part of our MDA service, we will also recommend a suitable Investment Program (which will comply with Div 3 of Part 7.7 and Div 2 of Part 7.7A Corporations Act 2001 (Cth)). The Investment Program will explain:

- The investment strategy we will implement on your behalf;
- The nature and scope of the discretions you will authorise and require us to exercise when managing your investments;
- Any significant risks associated with the MDA Contract;
- The basis on which we believe the MDA Contract is suitable for you; and
- That the MDA Contract may not be suitable for you if you provide us with limited or inaccurate information about your relevant personal circumstances or if those circumstances change.

We will review the suitability of the Investment Program and the MDA Contract for you at least every 13 months. You can request changes to your Investment Program at any time by contacting us.

We will exercise any rights (such as voting rights) relating to the investments in your Investment Program on your behalf.

The main risk of using our MDA service is that you will not know about the changes we make to your investments before they are made. However, we will only make adjustments which are consistent with our understanding of your relevant personal circumstances and the agreed investment strategy.

Depending on what is best for your circumstances you may hold your MDA investments in your own name or a mix of your own name and held on trust by our recommended platform provider —both of which are managed by us. We will provide you with the recommended platform's FSG and PDS if this service is best for you.

The recommended platform provider's are responsible for holding the investments on trust for you and to carry out administrative functions which feed into our software to enable our report preparation for you.

We may also utilise the services of a broker, for any share transactions, and provide you with their FSG, as applicable.

In addition to our MDA service, if appropriate, we may recommend the Knight Managed Account Service that is managed by us with the assistance of Investment Administration Service Pty Limited (IAS). IAS holds its own Australian Financial Services Licence (#284316).

If we recommend to you the Knight Managed Account/IAS service, we will provide you with the IAS Financial Services Guide which will outline, amongst other matters, their privacy policy.

We are appointed by IAS as the investment manager for their portfolio of investment options. In this situation, it means that we will only invest in financial products that are available through their Managed Account Platform. IAS will arrange to hold your investments on trust for you and will periodically report to you on changes to and the value of your investments.

MDA Contract & Investment Program

You can establish the MDA service by signing the Authority to Proceed at the back of the SoA we provide you as well as the portfolio management agreements. You will need to provide a Power of Attorney and enter into MDA Contract with us, or IAS, as applicable, before we can provide the service to you.

How do you know we will manage your investments appropriately?

We will only recommend an MDA service where it is suitable for you. Once in place, changes will only be made to your investments which are consistent with our understanding of your financial needs, objectives and circumstances. We, or IAS, as applicable, will also comply at all times with the MDA Contract and the Investment Program that is agreed upon with you.

It is important that you immediately inform us of any significant changes to your financial needs, objectives or personal circumstances, otherwise the MDA service may not be suitable for you.

You will have access to on-line reporting for your account. This will allow you to view the transactions undertaken on your behalf and to understand their impact on your account.

Outsourcing Arrangements

We undertake due skill and care in choosing suitable service providers who we select to outsource key functions before they are appointed. Our due diligence requires us to be satisfied that they have appropriate processes for complying with their regulatory obligations. Further we monitor their performance by an annual review in addition to ongoing daily monitoring in the process of carrying out business.

Other important information

We will contact you for instructions where action is required on your MDA account, which is outside our authority.

The name and contact details of your administration service provided will be detailed in your MDA contract.

Note that we do not offer the MDA service to all clients.

Fees, how we are paid and who we pay

Your first meeting with us is complimentary and obligation free.

Our fees for financial advice and investment services depend on the type of services we provide to you and are payable to NKH Knight Holdings Pty Ltd.

Jason Featherby & Peter Farlie are directors and, together with Jovan Cvetkoski & Tammy Stone, are shareholders of Knight Group Pty Ltd which owns Knight Financial Advisors Pty Ltd and NKH Knight Holdings Pty Ltd. As owners of the businesses they are entitled to a share of the business profits. Our advisers are paid an annual salary for the services provided to you. We may also ask you to agree that they receive a share of the fees you pay or the commissions we receive. Our employees may be eligible to receive a performance bonus if they meet pre-set agreed performance indicators.

Plan Preparation Fee

The Plan Preparation fee includes all initial meetings with you, the time we take to determine our advice and the production of the SOA.

The fee is based on your situation, the scope and complexity of the advice provided. We charge a fee of between \$nil to \$7,700 incl. GST. We will agree the fee with you at our first meeting.

Plan Implementation Fee

Note: You will be charged either a Plan Preparation Fee or a Plan Implementation Fee, not both.

If you decide to proceed with our advice we may charge a fee for the time we spend assisting you with implementation. We charge a fee of between \$nil to \$9,900 incl. GST, depending on the extent of the work required and we will let you know what the fee will be in the SoA.

Ongoing Services Fees

Once your investments are established, we may meet with you periodically to provide performance reports and update our advice. The updates will consider the economy and market position, the latest investment research, changes in legislation, new products available in the market and any changes to your personal circumstances.

Fees will depend on what ongoing service we provide to you, the complexity of your situation and your requirements. We will charge between \$nil up to \$1,100.00 incl. GST per month for the ongoing adviser fee and/or up to 1.65% incl. GST of your portfolio value for the asset management fee. The fee method (fixed dollar amount & / or based on a percentage) will be agreed with you prior to implementation, with consideration given to total levels of funds invested and ongoing service requirements.

Insurance Commissions

If we arrange life insurance for you, we will receive a commission from the insurer with whom we place your insurance. The amount is typically a percentage of the premium (excluding taxes and statutory charges) and is included in the premium quoted to you. We will tell you the amounts that we will receive (or if we do not know, the way our remuneration will be calculated) when we advise you about your insurance requirements. This commission is included in the premium for the policy. We may also charge you an insurance advice fee, the amount of which will depend upon the type of insurance we arrange. This fee is payable in addition to the premium.

Insurance Claims Handling Service

If we undertake our insurance claims handling service for you, we charge a maximum fee of 7.7% incl. GST of the sum insured for successful lump sum insurance claims (Life / Total & Permanent Disability / Trauma). In the event of standalone income protection claims we charge an hourly fee of \$250+GST.

The insurance claims handling service fees will be determined on a case by case basis with the fees outlined in both our Engagement Letter and our Statement of Advice.

Non MDA Brokerage

Brokerage of \$110 incl. GST or 1.10% incl. GST of the total trade value (whichever is the greater) may be charged by the broker on each trade we execute on your behalf. We may receive up to 80% incl. GST of the value of the total brokerage paid from the broker.

MDA Fees and Costs

Consumer Advisory Warning

DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long term returns.

For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30 year period (for example, reduce it from \$100 000 to \$80 000).

You should consider whether the features of an MDA service justify the fees and costs.

The following explanation and table show the fees and other costs you may be charged for using our MDA service. These will be deducted from your MDA account so it is important to understand their impact on your investments.

Our investment decisions may also have capital gains and income tax consequences for you, depending on your personal circumstances. Your tax adviser will be able to advise you about this.

Fees and Charges for the MDA service offered by us:

Share Brokerage - If we recommend you buy or sell shares the maximum brokerage you will be charged is 1.10% incl. GST of the total value of each trade. Of this we may be paid up to 90% (incl GST) of the total brokerage charged. We will disclose the broker that will be facilitating transactions in your initial Statement of Advice.

Managed Fund Transaction Costs – If we recommend you buy or sell managed funds we do not retain any of these transaction costs. The cost being between \$nil and \$25.30 incl. GST per trade.

Portfolio Management Fees – we can charge up to 1.65% incl. GST of the value of your portfolio

The below table summarises the above fees with an example of a \$20,000 transaction value:

Type of Fee or Cost	Amount	How and When Paid
Brokerage on Shares	On a share purchase, or sale, of \$20,000 the maximum brokerage payable would be \$220 incl GST (1.10%). We may be paid up to 90% incl. GST of this. e.g. \$198.00 incl GST.	These fees are paid at the time of the trade. They are added to the cost of a purchase or deducted from the proceeds of a sale.
Transaction Costs on Managed Funds	All managed funds within the recommended platform attract a flat fee of between \$nil and \$25.30 per trade (incl GST). We do not retain any of these fees paid.	These fees are paid at the time of trade.
Portfolio Management Fees	Up to 1.65% (including GST) of the value of your portfolio so this is a maximum of \$330pa based on a portfolio of \$20,000.	Annual Fee charged on monthly basis from the account.

Example of Annual Fees and Costs for the MDA service offered by us

The table below illustrates how the fees and costs of our MDA service can affect your MDA portfolio over a 1 year period. You can use it to compare the service with other investment products.

Example:	Balance of \$50,000 with a contribution of \$5,000 during the year	
Establishment fee	Nil	On establishing your MDA account you will not be charged an establishment fee.
Contribution fees	Nil	No charges on contributions
Plus MDA portfolio management fee	1.10%	And, for every \$50,000 you have in your investment portfolio you will be charged \$550 each year.
Plus Fund manager fees	0.10%	And, for every \$50,000 you have in your investment portfolio that is invested in managed investment schemes, \$50 will be deducted from the value of those investments each year.
Plus Platform fee - N/A	0.25%	And, for every \$50,000 you have in your investment portfolio, the platform provider will charge you \$125 each year.
Equals Cost of MDA service		If you invested \$50,000 at the beginning of the year and put in an additional \$5,000 during that year, you would be charged fees of \$725 plus brokerage fees for every transaction we make on your account.

GST of their upfront or ongoing remuneration for referring you to them. We will disclose the referral arrangements to you whenever we refer you to an external party.

In some situations, we pay fees or commissions to external parties who have referred you to us. We may pay up to 33% incl. GST of our remuneration to them for referring you to us. We may also pay up to 0.33% Incl. GST, of the initial investment amount from fees we receive, to the referrer.
